Military Status: Exempt

PROFESSIONAL SUMMARY

React Developer and Computer Science graduate with hands-on experience building responsive web applications using **React.js, TypeScript, Next.js, and modern frontend technologies**. Experienced in REST API integration, state management, responsive UI development, and full-stack development through academic projects, professional training, and practical internships. Familiar with backend development using **Node.js, Django, and Django REST Framework**. Passionate about writing clean, maintainable code and building intuitive user experiences.

TECHNICAL SKILLS

- **Frontend Development:** HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Bootstrap, SASS, Tailwind CSS, jQuery
- **React Ecosystem:** React Hooks, React Router, TanStack Query, Component-Based Architecture
- **Backend & Databases:** Node.js, Django, Django REST Framework, MongoDB, MySQL
- **API Integration:** RESTful APIs, Axios, Fetch API, JSON, HTTP Methods
- **Tools & Concepts:** Git, GitHub, VS Code, Responsive Web Design, Web Accessibility, Performance Optimization, OOP, Agile/Scrum Basics

KEY PROJECTS

STODS – Smart Transplant Organ Decision System | Graduation Project | *2026*

- Developed a healthcare decision-support system using **Django REST Framework and MySQL**.
- Built RESTful APIs for patients, donors, hospitals, transplant requests, and medical data.
- Implemented authentication, database management, and **organ matching and prioritization logic**.
- Integrated medical criteria and matching rules into the transplant decision workflow.
- Achieved 6th place in a competition organized by Helwan University, Faculty of Engineering.
- **Graduation Project Grade: A+**

COSMOS Space Dashboard | JavaScript, Bootstrap, REST APIs | *2026*

- Built an interactive space dashboard consuming **NASA APIs** to display astronomy and space-related data.
- Implemented dynamic DOM rendering, API integration, error handling, and responsive layouts.
- Used JavaScript and Bootstrap to create a clean and user-friendly interface.

ContactHub – CRUD Contact Manager | JavaScript, Bootstrap, REST API | *2026*

- Developed a CRUD contact management application with search, filtering, and data manipulation features.
- Implemented API integration and dynamic interface updates using modern JavaScript.
- Focused on responsive design and clean code organization.

EDUCATION

Bachelor of Computer Science – Software Engineering Track

Modern Academy for Computer Science, Cairo, Egypt | 2021 – 2026

- **GPA:** 2.8 / 4.0
- **Graduation Project:** A+
- **Relevant Coursework:** Software Architecture, Data Structures & Algorithms, Object-Oriented Programming, Database Systems, Web Engineering

COURSES & PROFESSIONAL TRAINING

Frontend Web Development Track | Instant Academy, Cairo | *Mar 2024 – Oct 2024*

- Built responsive web applications using **React.js, Next.js, TypeScript, and TanStack Query** through hands-on projects.
- Applied modern CSS techniques using **SASS and Tailwind CSS**.
- Worked with form handling, validation, API integration, and component-based architecture.

Front-End Development – React.js Track | Digital Egypt Pioneers Program (DEPI), Cairo | *Nov 2024 – May 2025*

- Built interactive single-page applications using **React Hooks, React Router, and REST APIs**.
- Practiced component-based development, state management, and dynamic API integration.

Full-Stack Web Development Program | YAT Education Center, Cairo | *Jan 2022 – Jan 2023*

- Developed end-to-end web applications combining responsive frontend interfaces with backend API consumption.
- Practiced frontend development, REST APIs, databases, and full-stack application workflows.

PRACTICAL INTERNSHIPS

IT Intern | Rashid Petroleum Company | *2024*

- Gained exposure to enterprise IT infrastructure, operational workflows, and organizational technology systems.
- Worked within a professional corporate environment and gained experience with IT-related processes.

IT Intern | Khalda Petroleum Company | *2023*

- Gained exposure to corporate technology environments, technical support processes, and IT operations.
- Developed teamwork and communication skills through collaboration in a professional environment.

LANGUAGES

- **Arabic:** Native
- **English:** Intermediate
